

Are you prepared to continue providing your essential services during a health emergency?

Do you have a building, supplies, equipment, or trained and caring staff and volunteers that could be called upon in a health emergency?

How can we identify these assets and work together to improve the quality of life in our communities year-round and be better prepared in the event of a health emergency?

The Centre for Voluntary Sector Research and Development,
In collaboration with the City of Ottawa, invites you to:

**An Asset Mapping & Service Continuity Planning *Pilot*
Workshop**
***To Test our Community Resiliency and Emergency Preparedness
Handbook***
Developed In the Non-Profit and Voluntary Sector

Please join us on

Wednesday, November 26th

2:00 – 4:30

the Jaguar Room

100 Constellation Crescent, City of Ottawa (in CentrepoinTE)

No Charge for Workshop and Parking is Free
Materials and refreshments provided

Please RSVP admin@cvsrd.org

This workshop has been organized to test out our newly developed handbook on Community Resiliency and Emergency Preparedness, and to introduce you to the on-line Service Continuity Planning tool, as part of Enhancing the Role of the Voluntary Sector in Health Emergencies, a Project of the Canadian Red Cross Society, funded by the Public Health Agency of Canada.
